INTRODUCTION

At Luan Gallery we aim to promote access, understanding and engagement with visual art via the growing Education Programme.

Luan Gallery staff strive to support the meaningful delivery of arts education within the secondary school curriculum. Teachers are encouraged to bring student groups to Luan Gallery to view the exhibitions in the company of gallery staff.

Luan Gallery staff present exhibition tours and education packages which introduce a variety of tools to foster students' comfort with art and the gallery environment. This in turn encourages young people to find enjoyment and meaning in art, and to think critically. The provision of thought provoking exhibition programmes teamed with talks, workshops and tours, pave the way for discourse, engagement and learning.

LEAVING CERTIFICATE

Leaving Certificate students are invited to avail of the Luan Gallery Workbook developed specifically for the Art Appreciation section of the Art History Leaving Certificate Paper.

This resource guides students' exploration through the gallery, directing focus to exam related features such as: building architecture, lighting design, signage, access, curation and display.

At Luan Gallery we believe that carefully planned and well prepared educational visits play an important role in significantly broadening and enhancing both the learning and social experiences of pupils. The benefits of taking learning outside of the classroom are immeasurable. Strengthening relationships, sparking interests and generating enthusiasm is just some of the benefits of your students' learning journey through art.

Luan Gallery is open Tuesday to Friday 11:00–17:00
